

Simeon's News Letter April 2012, an amazing 3 weeks! With thousands responding to Jesus!

Through your prayers, giving and support much has been achieved! The IWT teams visited over 65 schools, high and low security prisons, army barracks and performed at numerous stadiums in a crazy three weeks schedule. After over a year of living in Tagum and working with local churches, business and governments officials, it's all over. I never cease to be amazed at how the message of Jesus still impacts and changes Lives. **With over 4800 people responding to the gospel, and many more prayed for and chatted with.**

Our international break dancers, skaters and strong men performed to prisoners, pupils and audiences with a message of 'die to self and allow God to love and lead you into a new relationship with himself'. Our stadium events saw amazing audiences ranging from around 4,000 to 15,000 a night, come rain or shine.

It was great having Jim, David and my dad over from my home church in Sevenoaks. They were extremely helpful in the set up, we had a great laugh, and they were sent back with many stories. **Please have a chat with them** and let them be an encouragement to you, as I know they were greatly encouraged while here and I greatly appreciate their sacrifice

Team testimony – "After the Island Breeze hub night, I walked through the crowd John, a fellow IWT team mate, asked a young person if he wanted prayer. He said yes, he had pain in his back and wanted prayer. We told him if he believed, Jesus could heal him. He said **Yes I believe, God heals**. We prayed for him and he felt healing in his back!

Discipleship testimony - There was a young 13 year old who responded to Jesus and during the follow up the local link felt a bit disappointed to only have a young teenager. Through this teenager, however, her parents responded, and in turn her family invited 3 families to a small group and then those families invited another 3 families! **SO FROM A 13 YEAR OLD GIRL TO 7 FAMILIES RESPONDING TO JESUS AND BEING DISCIPLLED!**

Soldier holds his friends guns as they participate in TX show with many police and soldiers responding to Christ

WHAT'S NEXT? CEBU - We want to offer more discipleship, more outreach with short term students from the YWAM schools. I recently returned from an amazing three day conference in Cebu city hearing about what God is doing in Korea, Japan, and Thailand, and it was decided that in 2012 IWT want to plant a regional Asia office. This will be located in Cebu which will mean alongside planning the next tour in 2013/14, I will also have a small part to play in setting up this regional hub along James Baldwin!!!

It feels like I have come full circle as Cebu is where I started my original training, over three years ago! Cebu is also where Jonina lives so we will be able to see much more of each other rather than having to settle for a Skype conversation – happy days! Please pray I will find suitable accommodation as I will not be living with the whole team this time, only a few other IWT guys.

I'll be coming back to the UK in June looking forward to seeing you all.

To Contact me Email at: sim_boi@hotmail.co.uk – My New address will be coming soon!!!

Follow my every move (well nearly) on **Facebook**.
